

CONGRATULATIONS TO ALL UMPIRES ALLOCATED TO FINALS

Umpiring finals is a real honour and confirmation of a consistent umpiring performance this season - well done!

A few reminders before we start –

1. **Injury, illness and blood** - during a stoppage both teams may make substitutions or team changes, provided these are completed within the time allowed for the stoppage by the umpires. This time is up to 30 seconds (refer Rule 9.3.1(ii) – player concerned must leave the court within 30 seconds). Any substitutions or team changes made by either team must therefore be completed within the time allowed for the stoppage – being the time taken for the injured/ill/bleeding player to leave the court, which will not exceed 30 seconds.
2. This injury time is to be **played after the final siren up to a maximum of 2 minutes.**
3. All teams should have a clock or stop watch to time the injury time – check that when you arrive at the courts. Please note that the Blood Policy will come into play and is taken as injury time
4. If there is a draw, 5 minutes each way. If still a draw play continues and the team to score the next goal is the winner.
