THE HISTORY OF RANDWICK NETBALL ASSOCIATION

We acknowledge the Bidjigal and Gadigal clans of the land on which we meet and play and pay our respects to their elders past and present.

This history has been prepared by members of the Randwick Netball Association Executive, past and present, as at January 2025.

RALEIGH PARK (1928 -1979)

In 1929 NSW Women's Basketball Association was established, however it wasn't until 1969 the NSW Women's Basketball Association (as it was known then) introduced District Associations, Randwick Women's Basketball Association being one of them.

In 1969 The Randwick Women's Basketball Association was established. The colours of bottle green ad white became synonymous with Randwick.

The founding Executive were Doreen Daniels (President), Amy Dobbie (Vice President), Eileen Jones (Secretary), Barbara Faulkner (Assistant. Secretary), Maureen Munce (Minutes Secretary), Robyn McPhail (Treasurer), Barbara Vickery (Umpires' Convenor), Rhonda Bellamy (Insurance Officer), Pearl Round (Junior Convener). Maureen Munce was a founding Executive Member and remains on Executive as officially the longest serving Executive Member of the Association.

Anne Clark BEM through her Presidency of the W.D and H.O Wills Tobacco Company (Kensington) Sports Club gained the generous support of the Company which enabled Randwick Women's Basketball to play its games for 10 years at Raleigh Park.

In 1970 there was a significant change in Women's Sport! NSW Women's Basketball was changed to NSW Netball. Subsequently, Randwick Women's Basketball Association was now known as Randwick Netball Association. In this period the 11 years to 15 years Junior Competition was introduced with one division in each age group. Grace McDonald elected President in 1972 made significant contributions to RNA, including a strong liaison with Randwick City Council, and was instrumental with the move to Heffron Park. It was through Grace's untiring efforts that RNA's goals were achieved during her time as President.

HEFFRON PARK (1980 -1992)

The Association moved to Heffron Park, Maroubra in 1980 to accommodate the growing demand of the sport with 2470 participants.

A large green tent was set up every Saturday as the Headquarters. In 1979-1980 the Association received the first grant of $15,000 from the Department of Sport and Recreation. There was desperate need for an amenities block! In 1981 the Control Centre was completed and opened on 27th June by the Honourable W H A Haigh, MP, Minister for Corrective Services.

A bike track ran through two sets of netball court areas causing mayhem as the cyclists were knocked off their bikes like ten pins! The track was diverted to safer areas by the end of the year.

1983

In 1983-1984 a second grant, for $40,000 enabled RNA to extend the facilities including lights so in 1984 the first night competition under lights were held.

Women's sport was just evolving, and sponsorship was non existent. RNA held a mini fete to finance our Representative teams in preparation for State Championships.

1986

In 1986 Randwick had a team in the newly formed Esso Super League (National) that commenced in 1985-1996.

As the building extension works was nearing completion it was vandalised and caught on fire causing considerable damage, destroying records and treasured possessions. The Control Centre was eventually completed in December 1986 at a cost of $180,000. It was opened on 21st March 1987 by the Honourable Michael Cleary MP, Minister for Sport and Recreation.

1988

In 1988 RNA changed the uniform colour to the jade and white. Colours have been added at various times to enhance the uniform and keep it trendy. RNA became the leader in netball fashion. Other Associations were eager to see RNA at State Championships to see the latest style.

1989

In 1989 the Intermediate Grade for 14 years to 17 years was introduced and 6 grass courts resurfaced into hard courts.

In 1989 RNA hosted our first Carnival at Heffron Park

1992

In 1992 Club teams in NSW who won their age division were invited by Netball NSW to participate in the Coca Cola Competition. In the 13 years competition a Randwick Team won their age division.

HEFFRON PARK (1993- 2019)

1993

In 1993 RNA obtained a Sponsorship from Sydney Electricity. The team was known as the Sydney Electricity "Hotshots" who represented NSW in the Mobil Super League. The Sydney Electricity "Hotshots" won the Mobil Super League Prime Minister's Cup in 1995.

1994

In 1994 the existing hard courts and 14 grass courts were converted to all weather hard courts.

Randwick Opens Team played in the Mobil Netball Classic held in Townsville, Queensland. The top 4 teams from the major competitions in Sydney, Melbourne, Brisbane and Adelaide competed for the prize money donated by Mobil Oil Australia. Randwick went through the competition undefeated.

1995

In 1995 Netball, and particularly RNA, for the first time was recognised in the Randwick City Council Hall of Fame.

1997

In 1997 Netball NSW saw the formation of two Sydney Clubs in the Super League Competition - The Sydney Sandpipers and The Sydney Swifts. Randwick had players in both of these teams.

2005

In 2005, 11 years Development Squads were introduced due to Netball NSW revamping age groups (12 years to 15 years) for State Championships,

2008

In 2008 improvements included resurfacing of 13 courts, flood lights and renewed safety rails on the Control Building with Randwick City Council funding half these costs.

RNA was awarded an Australia Day Certificate of Commendation by Randwick City Council.

2016-2019

In 2016 Randwick City Council upgrades to Heffron Park included the car park, lighting and sound system. In 2017, seven modified grass courts were resurfaced to hard court giving a total of 34 courts.

In 2018 major alterations occurred to the Control Centre including upgrades to the bathrooms, new Physio room, store room, carpet and outside cover areas and steps installed.

During this time Netball NSW introduced franchises for Premier League. RNA along with another Association participated in this inaugural Competition. Later RNA formed a significant partnership with UTS Sparks now known as UTS Randwick Sparks. This partnership enabled pathways for our players, coaches and umpires to the higher levels of netball.

In 2019 the Membership had grown to 4098.

HEFFRON PARK (2020-2024)

2020

In 2020 a national lockdown took place in Australia due to COVID-19. The competition was suspended and in July the competition resumed with strict guidelines.

2021

In 2021 the competition was again suspended in June due to COVID-19. Another national lockdown in Australia.

Improvements continued to be made to the park and facilities over the next 4 years (2020-2024) including;

- Extendable goal posts
- Grandstand and seating
- Court resurfacing
- Flag posts and signage
- Physio on site
- Practice posts
- Water fountains and tree plantings
- Addition of super shot areas
- Golf cart for park set up
- Storage container.

This has been achieved via a combination of grants, council support and retained member funds. Also due to the tenacity of the RNA President working hand in hand with Randwick City Council.

2022

In 2022 RNA first introduced Men's teams into State Titles and the Metro Competition.

An All Abilities program was also launched.

2023

Spring Night Competition introduced.

2024

In 2024 saw a membership of over 4500 members. This included 453 teams with over 23 Clubs and Schools. RNA now has 3 undercover courts, soon to be 7, being a total of 35 courts.

Netball is the single largest attended community sporting event in the eastern suburbs each weekend during the winter months.

2025

Summer Night Competition introduced.

With our sincere thanks and gratitude to all the founders, executives, clubs, committees, players, supporters, officials, sponsors, suppliers, contractors, Randwick City Council and our community members who contribute to our Randwick Netball Association and venues so that we can enjoy and play this great game of netball.
Our 50th anniversary was celebrated in 2019 and we look forward to sharing the next 50 plus!
